## Uncle Joe's SIGNATURE LAKSA 🌶️

A taste of comfort with every mouthful. Served in a creamy spicy coconut milk.

Laksa is a spicy noodle dish popular in Southeast Asia. Laksa consists of various noodles, most commonly thick rice and egg noodles, with toppings such as chicken, prawn, softshell crab or fish.

There are many theories about the origins of laksa. In Indonesia, Laksa is said to have been born from the Chinese coastal settlements and the mixing of culinary cultures between Chinese merchants and the natives. However, in Malaysia, Laksa is believed to have been started by Chinese immigrants in Malacca.
